Miami was your classic Turnovers=Turnaround team last season going from +20 in turnovers and an outstanding 13-1 record to -10 in turnovers and losing five games. They were still the MAC East champs, despite an early loss to Marshall which put them 2-3 and 1.5 games behind The Herd in the MAC standings. This year's team is stronger than last year's version and we rate them as having the #3 offense but #1 defense in the league. They have a tough road test in league play at NI but get their key game, Div rival BG, at home on a Tuesday. Miami has won 10 straight home games on their new FieldTurf. We feel Miami is the most talented team in the league and will call for a return to the MAC Title game.
