The nomad Horned Frogs enter their 4th conference in ten seasons but remember, this team was 10-0 in the regular season just two years ago and flirting with a BCS bowl berth. They had a collapse in the secondary last year but should be much stronger this season. Despite a 3-5 record in CUSA play last year, they did outgain league foes by 5.3 ypg and no doubt Patterson's highest priority was sealing up that weak pass defense. They have a top-notch running game and veteran QB but must rebuild the O-line. With a much improved defense, we give the Frogs a chance at contending for the MWC crown in their first year.
